TRANSPORTATION AND MOBILITY MASTER PLAN OPEN HOUSE

BUDA, TX — The City of Buda is developing a Transportation and Mobility Master Plan to identify transportation needs, develop solutions, and prioritize improvements to allow the transportation system to keep pace with desired growth and development.

Community input is a critical and important part of this process. In the fall of 2019 the City put out a Transportation and Mobility Master Plan survey to get citizen feedback. On Thursday, Feb. 20, the City will hold an open house to present some of the input we received from the survey, along with a map of recommended roadway improvements and recommended bike and pedestrian improvements.

Transportation and Mobility Master Plan Open House

Thursday, Feb. 20

Buda City Hall Lobby,

405 E. Loop St., Building 100

4 PM - 7 PM

The open house is an opportunity for citizens to give feedback on transportation needs. A second community survey will also be launched on Thursday, Feb. 20. Staff will be on hand to answer questions regarding the Transportation and Mobility Master Plan during the scheduled open house.
