**CITY OF BUDA SETS UP PHONE BANK  
FOR CITIZEN NEEDS DURING WINTER WEATHER  
PHONE BANK NUMBER: 512-523-8900**

**BUDA, TX - FEB. 16, 2021** - The City of Buda has set up a phone bank for citizens to call and report needs associated with the severe winter weather. The number is for City of Buda residents (those living in Buda City Limits, not the ETJ or county). This is for citizens to report things like frozen water pipes, extended power outages of 12 hours or more not related to the rolling blackouts, and other issues or needs related to the winter weather. The City may have limited ability to provide direct assistance, but we want to know what and where the needs are for our citizens. The City has limited ability to distribute bottled water to residences.

Please leave a message if your call goes to voicemail. We anticipate a number of calls.

Please note, this number is for non-emergency needs. If you are experiencing an emergency, please dial 9-1-1.

**The phone bank number is 512-523-8900. We will take calls from 8 a.m. to 6 p.m. Monday thru Friday. Please leave a message after hours.**
