Well Drilling Begins at Garlic Creek

BUDA, TX - The City of Buda has now joined Nextdoor (www.nextdoor.com), the private social network for neighborhoods, to improve citywide and neighbor-to-neighbor communications.

Led by City Manager Kenneth Williams, this integration with Nextdoor will enable the city to use Nextdoor to build stronger, safer communities with the help of Buda residents. The city will be able to post information such as important news, services, programs, free events,

and emergency notifications to Nextdoor neighborhoods within the city.

“Joining Nextdoor is another way to further our efforts in making Buda an even better place to live,” said City Manager Kenneth Williams.

“Giving residents more avenues to easily and effectively connect with city departments, and each other, about the things that matter most to their communities will create a stronger Buda.”

Nextdoor has already proven to be an essential and well-adopted tool for Buda residents. More than 15 neighborhoods, representing 94% of the City of Buda, have started Nextdoor websites.

With Nextdoor, Buda residents can create private neighborhood websites to share information, including neighborhood public safety issues, community events and activities,

local services, and even lost pets. The City will be able to post information, such as important news, services, programs, free events, and emergency notifications to Nextdoor websites within the city.

Nextdoor is free for residents and the City. Each Buda neighborhood has its own private Nextdoor neighborhood website, accessible only to residents of that neighborhood.

Neighborhoods establish and self-manage their own Nextdoor website and the City will not be able to access residents' websites, contact information, or content. All members must verify that they live within the neighborhood before joining Nextdoor. Information shared on Nextdoor is password protected and cannot be accessed by Google or other search engines.

Those interested in joining their neighborhood's Nextdoor website can visit www.nextdoor.com

and enter their address. If residents have questions about their Nextdoor website, please visit help.nextdoor.com.
