City of Buda Capital Improvements Plan Five Year Outlook FY 12-13 thru FY 16-17

September 6, 2012

Mayor and City Council
City of Buda
121 Main Street
Buda, Texas 78610

Re: Five Year Capital Improvements Plan (FY2012-2013 through FY2016-2017)

Honorable Mayor and Council,

Please find enclosed the City of Buda's 5-year Capital Improvements Plan. The projects and costs are reflective of the discussion with Council and City Staff during the Spring and Summer of 2012.

The CIP has been divided into the following five categories:

- Transportation
- Water
- Wastewater
- Purple Pipe
- Beautification/Drainage/Facilities and Parks.

A table summarizing the projects by type, cost and year is provided, as is an individual "cut-sheet" describing each project, the anticipated timing (if known) and other details that will allow the CIP to be tracked and updated more easily in the future.

The CIP should serve as a planning tool for use by the Council and Staff in prioritizing projects on an annual basis. In many cases it may be prudent to delay projects that are currently indicated for initiation in the near future based on actual growth patterns, infrastructure condition and other mitigating factors.

We truly appreciate the opportunity to assist the City in this endeavor. Please do not hesitate to contact me if there are any questions regarding the CIP, on individual projects, or our opinions on priority based on engineering judgment.

Sincerely,

Graham M. Moore, P.E.
Associate, Project Manager
